(517) 894-6051 | chamberlain0430@gmail.com | Lansing, MI

A highly motivated, hard-working individual who is goal-focused and project-oriented, with the desire to become a skilled electrician. Skilled in both residential and commercial construction and renovation with half a decade of experience. Talented in training, motivating, and directing teams and capable of remaining productive under high-pressure conditions. Aware of the importance of developing workplace skills that allow me to maintain the safety and productivity of workplace conditions while completing tasks to the best of my ability.

OBJECTIVE

Seeking an apprentice position with Sparky's Electric that will allow me to learn and develop the skills necessary to install and maintain electrical systems.

SKILLS

- Efficient worker with acute attention to detail
- Budgeting and estimation
- Proficient with hand and power tools that are required to complete work projects
- Logical problem solver when faced with both routine and complex issues
- Team player with excellent communication and time management skills

RELEVANT PROFESSIONAL EXPERIENCE

Page Corporation, April 2017 – Present

Freelance Carpenter

- Under the direction of a general contractor, I learned to accurately read blueprints and project plans, determine material needs, estimate costs, and prioritize tasks to minimize production delays
- Order and schedule delivery of materials, and communicate with clients and project managers to manage workflow
- Participate in all construction phases in both residential and commercial projects, including renovations
- Gained exposure and valuable experience in construction industry standards and processes through hands-on participation
- Demonstrate initiative by taking the lead on critical projects whenever possible

Christman Construction, May 2020 – December 2021

Carpenter Apprentice

- Operated a broad range of power tools including table saws, radial arm saws, circular saws, planers, jointers, drills, and many more
- Performed and assisted with framing, roof and stair building, and various rough carpentry tasks
- Communicated with site supervisors and team members to complete project objectives on schedule
- Participated in a broad range of construction projects involving site maintenance and clean-up, materials transport, framing, and general support of all phases of construction
- Assumed additional responsibilities whenever possible in order to meet project needs
